

## Stunning Hairstyles for Short, Thick Hair

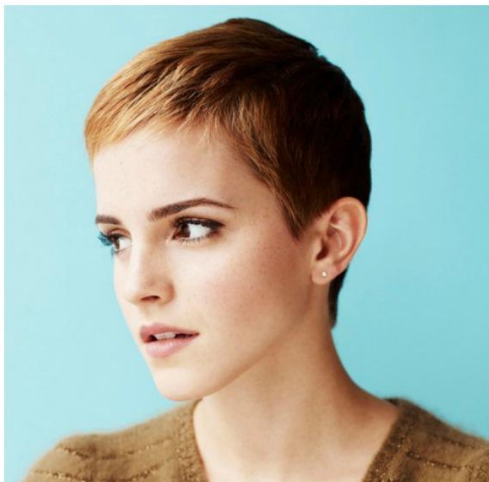

---

Thick hair can look amazing when cut short, and there are loads of styles to choose from. If you have thick hair you'll know just how long it can take to dry and style. But with a super chic, short style you'll be up and out in no time at all.

### **Pixie Cuts**

A cute pixie is one of the best hairstyles for short, thick hair. It can look stunning as the natural volume in your hair will stop it from clinging to your head and looking flat.

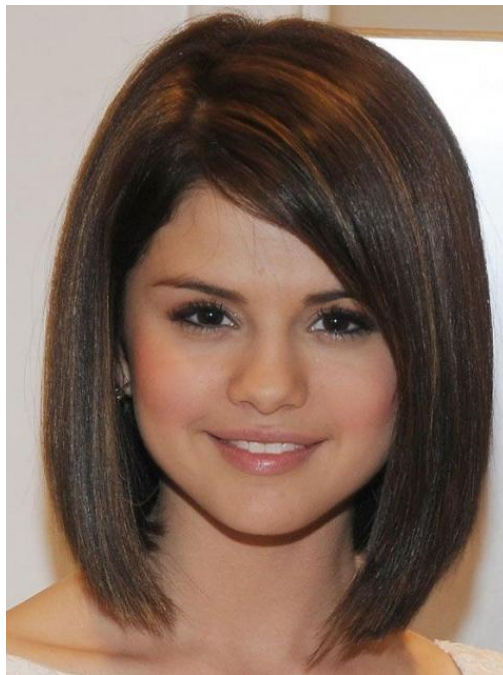

You could go super short like Emma Watson did a couple of years back, although not all of us are brave enough! Alternatively you could retain a little length and ruffle it up, adding texture like Jennifer Lawrence.

### **Versatile Bobs**

From chin length to side-swept, medium to long, there's a bob for everyone. And the great thing is they're the most brilliant style for thick hair.

If you want to accentuate the thickness of your hair, then keep your bob all one length like Selena Gomez.

A side-swept bob can be almost any length. Try it above the chin like Ashlee Simpson, or a little longer with some face-framing layers like Rhianna.

Looking for something a little bit longer? Then how about the **long bob or lob**, loved by celebrities. This versatile cut gives you plenty of styling options, but without the weight that really long thick hair can have.

If you prefer a fringe, then thick hair gives you an enviable choice. Whilst friends with fine hair are really limited to a wispy fringe, if you're lucky enough to have thick hair you can easily pull off a gorgeous, blunt fringe with your bob.

## Curls

Adding some curls to your style really makes the most of the fabulous, natural volume of thick hair.

Short, soft curls are great for a petite face like Kiera Knightly's. Whereas Miley Cyrus' elegant, Gatsby inspired, curls are just shouting out glamour and glitz.
